

On-line payment for Memberships

MASA now has an option to pay on-line for your membership. We use Pay Pal on our website. You can pay securely using a charge card and you do not need a Pay Pal account. You can use your Pay Pal account if you have one and prefer to use it. At this point, we only accept charge cards on our website, not at the facility, but if you are at the facility, you could pay using your smart phone.

This option for payment started on August 18th, 2014.

To use this option, visit the membership page on our website and click on the "On-line membership renewal and new memberships" link. You will be taken to an on-line version of our membership form. When you submit the form, you will get a Pay Pal invoice, on the next business day, by e-mail. You must provide a valid e-mail address for this to work. We decided to do it this way because of all of the different options that we have for membership and all of the coupons and discounts that people have. This way you will be sure to pay the correct amount based on the answers that you give in the membership form. From the invoice you can click on the "Buy Now" link in the e-mail and you will be taken to the Pay Pal website to complete your payment. If you prefer you can print the invoice and mail it in with a check or bring it into the pool to pay with cash or check. If you have any questions about your invoice please feel free to contact us by phone or e-mail.
